**Dean Faculty of Business Administration  
Message**

On behalf of faculty business administration, it brings me great joy to welcoming our new students to the 2016-17 academic years. We are thrilled to have you with us on Nugaal University, and we are excited to help nurture your academic strengths, encourage your personal growth, and inspire your creativity. We commit ourselves to upholding the values we cherish as an academic institution, and to fostering an atmosphere that is respectful, supportive, and welcoming to new students. The diversity of our backgrounds, talents, and perspectives will continue to enrich us all as we live and learn together. There are countless ways for you to get involved and make connections with each other, such as through research and creative projects, student government, intercollegiate athletics and intramural sports, volunteer work in our community, and much more. I look forward to seeing you in Nugaal University.

### Faculty Photo Attribute

### Faculty of Business Administration Department

Bachelor of Arts in Faculty of Business Administration - 4 Years Program

#### Introduction:

The Faculty of Business Administration Department of Nugaal University was established in 2004. The faculty provides degree program leading to a Bachelors of Business Administration (BBA).

The BBA Department also offers a variety of service courses for Summer time as supplementary courses, including a number of programming language courses as an introductory leadership management course, small business fund and marketing course. These programs are constantly being updated in order to reflect current research in the field, to satisfy curriculum recommendations by the NU and to remain up to date with changes in community and environment.

Program emphasizes a combination of theory and practice. The curriculum enables students to gain the knowledge and background needed to further their professional and academic growth and to develop skills which will allow them to contribute meaningfully as professional leadership management and Community professionals.

### The Way Forward

In the near future Nugaal University, Faculty of Business Administration plans to begin a new MBA program (Master of Business Administration Management). We believe that a society's greatest asset is the knowledge of its people the responsible social activism it fosters. For this reason Nugaal University is proud to be a leading provider of scholarships for underprivileged students. In fact, faculty also plans to strengthen its international relations through strategic academic and research partnerships with respected institutions abroad. This plan will not only strengthen our academic and research capabilities, but will also raise the profit of our alumni.
